## Quatre's Past And Present

### Part 1

><br> I was with my family. Just at age two. Suddenly an explosion in the side of our home and guys with suits on rushed in. "WHAT IS GOING ON?" My father demanded. "Shut up!" the leader yelled, "Don't move, don't speak, we don't want to kill you." My mom dove for the gun which she had kept for protection. I saw one of them fire and red, round holes appeared in her chest. "MOMMY!" I cried.

><br> "I'm going dad, you can't stop me." I said firmly. "Quatre!" my father cried, "We're a peace loving family!" "I'm going, I will avenge Mom's deathâ€|I will take out The Alliance!" I said. With that I turned my back and walked to where my teacher was. He had trained me highly, and given me a mobile suit made out of a rare material called Gundanium. After loading into a shuttle that was disguised as a meteor, I launched. The Winner family being noticed as a symbol of peace was allowed to travel to Earth. Unlike other colony families. I looked back at the colony. All my friends were there. "I shall set you free, my friends." I said as I closed my eyes. The next thing I knew the computer was waking me up to tell me to land soon. I landed somewhere in Arab. That's where my family had originated before we moved to outerspace. The Maganac Core helped me out and gave me shelter and repairs for my mobile suit. It was after meeting Trowa, the pilot of the Gundam Heavyarms, that I learned that there were 4 other suits besides mine, and 4 other pilots, Trowa, Heero, Wufei, and Duo. They were all extraordinary people. We later met all together at an attack against Oz. Now it's a year later. Peace has finally been bestowed upon Earth and Space. Heero and Relena were married, Trowa and Lady Une, Wufei and Sally, Duo and Hilde, Noin and Zechs, but I was alone. I felt jealousâ€|Very, >jealousâ€|And that, is when I turnedâ€|evil. <br>

> Late one night<br>

> I slowly cut the glass open to Heero and Relena's room, then slid in through to the bed. Relena was there sound asleep next to Heero. After tying her mouth shut without waking her up, I picked her up and slid her out the window. "Whatâ€|" Heero said drowsily. "Crap!" I cried as I threw Relena in the trunk. I hopped in the car and sped off.<br>

> The Next Morning<br>

> "LET ME OUT OF HERE!" Relena screamed from the 'cage' I had put her in. "Will you shut up?" I yelled as I brought her food. She tried to grab me, but I grabbed her arm, twisted it and hit her. "Don't make me angryâ€|" I said, "Once I get my ransom and other stuff I'll let you freeâ€|maybeâ€|" "SIR!" a soldier cried walked up to me, "We have captured Hilde Schbeiker, Lucrezia Noin, Lady Une, and Sally Po like you ordered." "Good!" I said, "Twice the ransom, and that'll get the other guys twice as hurried to get here..." "I thought you said Noin was on our side sir!" another soldier yelled. "Correct." I said, "She's my partner but not nearly equalâ€|Did she bring Zechs in?" "Yes sir!" the soldier yelled. "Very well, leave." I said as I walked to Relena, "Ya know, while I'm waiting for the others to find out what happened, I might just have to have some funâ€|" I grinned evilly at Relena. She stepped back from me scared. "Don't you even touch meâ€|" she cried. I tied Relena to the bed and just grinned at Relena as I slowly unzipped her pants.<br>
